In any case,
Everyone is good person

In any case, I wish
There's someone who will love me

To make someone love you,
You have to be strong and bursting
with vitality

Everyone is raised
To be full of vitality

But there are some unlucky children
who haven't received those gifts

These children are capable of
Meeting their destined partner before
long

Ah God
Please save those pitiful children

For tomorrow,
They'll definitely meet their destined
partner

At that moment, I felt it was destiny...

And was hit by his bicycle

This morning, I turned to corner of Kikawa's store

They are
quintuplets

I wish they
weren't born!

In ancient
society,
suicide was
forbidden

My
teacher
cried as
well!

Why wasn't I
born into
that society?

History classes
in year 6 of
elementary school.
I always cried
while listening to
stories about
ancient society

She believed
that I was
thinking of
my younger
brothers

was
fatal

Putting
a wet
paper
on a
baby's
face

That's
why I
was
praised

Highest-

Chinese
family,
dutiful and
takes good
care of her
brothers

That's why
I still have
to work
hard!

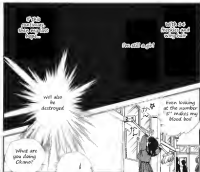

People with
the 'Blood
Type A' say
